

Syracuse-Wawasee Chamber of Commerce

Membership Investment

Our Mission is simple...

The purpose of the Chamber is to engage and advance businesses in order to enhance the community as an ideal place to live, work, shop and play.

We believe in...

Supporting the success of local businesses and industry, the expansion of industrial, commercial and retail stores, legislative issues concerning local, state, national policies, quality education, tourism, community beautification, culture, and economic development.

We do this by...

Being the voice of the Business Community. As a member, your voice is our voice. Our voice represents our member businesses as we work with our elected representatives at all levels of Government; local, state and federal.

Promoting and Marketing Your business

Getting the word out about your business is important. As a member, we do this for you. We are always referring our members and giving out the business directory to residents and visitors. We are always looking to find creative ways to support and promote our member business in a wide variety of ways.

Supporting Economic Development

From businesses looking to start, expand or relocate, we can help guide you through the process. We partner with Economic Development entities and serve on committees at the county level to represent Syracuse.

Fostering Network Opportunities

We provide many different networking opportunities held year-round and at many different times to fit your schedule.

Offering Educational Resources

As a member, you receive emails and invites to seminars on topics that interest you.

Enhancing our Community

Through collaborative efforts the Chamber is helping maintain and preserve the quality of our lakes, supporting the building of trails and greenways, creating a quality of place, creating new ideas to continue to attract businesses, visitors, and increase the quality of life for our residents.
